

AK NEVERMORE

author of extra-spicy dystopian romance and paranormal fantasy romance

AK NEVERMORE writes a lot. An award-winning author of spicy dystopian, urban fantasy, and paranormal romance, she's been traditionally, digitally, and indie published. She enjoys operating heavy machinery, freebases coffee, and gives up sarcasm for Lent every year.

Unable to ignore the voices in her head, and unwilling to become medicated, she writes full time around a nest full of ravens. Her books explore dark worlds, perversely irreverent and profound, and always entertaining.

AK belongs to a bunch of industry associations, volunteers for far too many committees, teaches creative writing, has been featured in Blush Magazine, made the Bookbub blog roundup, has spoken on NPR, and on the rare occasion, sleeps.
